Wear Your T-Shirt

We get dressed every day to look good and smart. Learn how to wear a T-shirt yourself. Take help of an adult.

- Take a T-shirt and hold it with the front facing outwards.
- Gather the front part of the T-shirt to its neck opening with both hands.
- Place the gathered part of the T-shirt over your head.
- Put your head through the neck opening.
- Then put your left arm into the left sleeve and the right arm into the right sleeve.
- Now pull the T-shirt down over your belly.

You are ready for the day!

Pair Them

Draw lines to match the T-shirts that are the same to form pairs.
