Find and circle all 'B' and 'b' in the balloon.

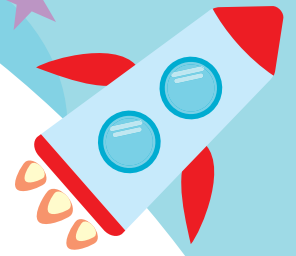

Clean or Dirty Clothes

Dirty Clothes

The clothes we wear for the whole day become dirty. They have dirt and sweat on them. We put them in a laundry basket to be washed.

We wash dirty clothes with soap and water. Then, we dry them in the sun.

Clean Clothes

We iron some clothes after washing them. Some clothes like socks, sweaters and under clothes don't need to be ironed.

We fold all the clothes neatly and keep them in the cupboard to be used again.

Learn to fold your socks and T-shirt from an adult. Then, help to keep them in their place in your cupboard.

Yoga Butterfly Pose

Sit on the floor with your back straight and legs folded. Now bring the soles of your feet together. Start flapping your legs like wings of a butterfly.
